

Section A – Basics (Short Answers)

Q-1. What is Social Media Marketing?

Social Media Marketing (SMM) is the process of using platforms like Facebook, Instagram, and LinkedIn to promote products or services, build brand awareness, and engage with customers. It helps businesses reach their target audience and increase sales through content, ads, and interactions.

Q-2. Define Content Pillars (with Example)

Content Pillars are the main topics or themes that a brand regularly posts about on social media. They help maintain consistency and strategy in content creation.

Example (Travel Agency):

Travel Tips ✈️

Destination Guides 🌍

Customer Reviews ★

Offers & Discounts 💰

Q-3. Difference Between Reach, Impressions & Engagement

Reach: Number of unique people who see your content

Impressions: Total number of times your content is displayed (can be repeated views)

Engagement: Number of interactions (likes, comments, shares, clicks)

👉 Simple Example:

If 100 people see your post → Reach = 100

If they see it 300 times → Impressions = 300

If 20 people like/comment → Engagement = 20

Q-4. What is a Content Calendar? Why is it Important?

A Content Calendar is a schedule that plans what content to post, when to post, and where to post on social media.

Importance:

Maintains consistency

Saves time

Helps in planning campaigns

Improves content quality

Avoids last-minute posting

Q-5. What is Hashtag Strategy?

Hashtag Strategy is the process of using relevant and trending hashtags to increase the visibility of social media posts.

Example:

For travel post:

#TravelIndia #GoaTrip #HolidayPackages #TravelDeals

Types of Hashtags:

Trending hashtags

Niche hashtags

Branded hashtags

Meta Ads Assessment

Section A – Basics (Short Answers)

1. What are Meta Ads?

Meta Ads are paid advertisements run on platforms like Facebook and Instagram using Meta's advertising system to promote products, services, or brands to a targeted audience.

2. Campaign → Ad Set → Ad Structure

- **Campaign:** Defines the main objective (Leads, Traffic, Awareness)
- **Ad Set:** Defines audience, budget, placement
- **Ad:** Actual creative (image/video + copy)

👉 Example:

Campaign = Lead Generation

Ad Set = Rajkot audience

Ad = Travel offer post

3. Boost Post vs Meta Ads Manager

Boost Post	Ads Manager
Simple & quick	Advanced control
Limited targeting	Detailed targeting
Basic results	Full analytics
Less effective	More professional

4. 3 Campaign Objectives + Purpose

- **Awareness:** Increase brand visibility
- **Traffic:** Drive users to website
- **Leads:** Collect customer details

5. What is Pixel? Why Important?

Meta Pixel is a tracking code added to your website to track user actions.

Importance:

- Tracks conversions
- Helps in retargeting
- Improves ad performance
